- ✓ Active with The Mankind Project for over 12 years, recognized as a strong leader and Community Elder.
- ✓ Started a men's circle in Bellingham that has lasted for over 12 years and now very active and growing.

Whole Brain Skill Sets:

- ✓ 20+ years of teaching of both technology and personal growth work.
- ✓ Taught technology classes throughout the 1990's all over North America.
- ✓ Participated in and frequently led 60+ personal growth training classes since 2001.
- ✓ Recognized as excellent listener, facilitator and teacher.

Teaching Accomplishments:

Developed and presented both technical and personal growth classes.

Technology Classes:

- ✓ **New Architectures For Enterprise Computing:** Developed by Microsoft to help large corporations understand emerging technologies, I presented this course over 70 times all over North America.
- ✓ **Distributed Systems Architectures:** Developed and presented this course to corporate development teams and consultants to help them understand how to distribute software solutions over multiple computing platforms. Presented over 100 times to corporate audiences from St John's Newfoundland to Caracas, Venezuela to Hong Kong.
- ✓ **Object-Oriented Systems Integration & Implementation Guidelines (OSiIG):** Developed in collaboration with KPMG Peat Parwick to teach their consultants how to create an SDLC Work Breakdown Structure that responds to many situational variables.
- ✓ **Custom Classes:** developed and presented variations on my material that lasted from 1/2 day to an entire week, based on customer's specific needs.
